Volume 11, Number 17/40

Good morning,

I hope everyone can enjoy the week and not wish it away like we sometimes do. It can be a very productive week.

We had two very productive visits from state officials on Friday. Middlesex District Attorney Marian Ryan and her staff did an excellent presentation on the “cyber-world” for our ninth graders. The students were extremely attentive and asked good questions.

Later in the day Attorney General Martha Coakley visited Paul Marques’ computer science room and was educated by our students as to the value of logical and strategic thinking, and the symmetry and beauty of programming and code. I think she was impressed!

**Malden High School Vision Statement**  
 The Malden High School community believes in the potential of all students to learn, to grow, and to become active, conscientious participants in the 21st century global society. We believe that students learn most effectively in a safe, respectful environment that encourages diverse viewpoints, promotes critical thinking and perseverance, and establishes rigorous standards for all. We honor the diverse nature of our community, promote social awareness and community involvement, and strive to meet the needs of all students through innovative methods and continual professional development. We are committed to ensuring that Malden High School graduates are thoughtful, independent, purpose-driven, lifelong learners. We seek to equip all students with the skills and habits necessary to successfully navigate and contribute to our ever-changing world.

**School notes of interest:**

If you have not done so I encourage you to visit the Blue and Gold website: they are doing a great job under Ryan Gallagher’s leadership.
