'Back to School Night' is a great opportunity to make new connections... and strengthen the ones we already have with the families of our students

We will share all that is great about Malden HS this evening!

To All Malden High School Staff, Students and Administrators: (Note: this message was prepared before Monday)

Hello everyone,

One of the highlights of the Fall Season portion of our school year is our annual "Back to School Night". Each year, shortly after the school year begins anew, we open our doors to the parents and guardians of our students and welcome them to visit Malden High School. Tonight is "Back to School Night 2018" at Malden High School from 5:00-6:30 p.m. Tonight parents and guardians are afforded the opportunity meet the educators and administrators to whom they have entrusted their children to be guided and developed academically and in so many other ways. For those of us who share the passion of education here at MHS, it is usually the first opportunity to meet the parents of our students and share with them information and specifics on what their children are learning. It is an opportunity to forge new connections with the families of our students who are new to the school and strengthen those ties we have already established in the past. To our educators and administrators, thank you again for all that you do and I know you will represent us well tonight!
