For the Malden Public Schools**

Angela Tejada-Soliz may be fairly new to the political scene, having voted in her very first election this past November, but she will be front-and-center for the biggest national event of the year to date. Tejada-Soliz, an 18-year-old Malden High School senior, learned Wednesday she was receiving a major individual honor when she was informed that U.S. Rep. Katherine Clark, D-5th Middlesex, was taking her to Washington, D.C. Tuesday, Feb. 5 as her guest at the 2019 State of the Union Address by President Donald Trump.

The MHS senior is the first Malden resident in recent memory and the first Malden High student in history to be invited to the State of the Union by a local Congressman or Congresswoman.

"I was so excited when I got the news," said Tejada-Soliz, who is a top student-athlete at the local high school. "My family is thrilled for me and everyone at Malden High said they were happy for me." MHS Principal Chris Mastrangelo said that the Congresswoman had picked the

right person. "Angela is one of our top students and athletes and she has recently become active in civic affairs as have many of our students," Mastrangelo said. "We are so proud she will represent our school and city at the State of the Union." Cont. on Page 10

The MHS student was also congratulated by Superintendent of Schools John Oteri when she visited his office Thursday morning with Mr. Mastrangelo. Tejada-Soliz did not know the particulars of travel Tuesday, but said she was looking forward to the trip. She added that she first met Rep. The MHS senior said she was seeking an appointment to the U.S. Military Academy at West Point and needed a recommendation from her Representative in Congress, hence the most recent meeting with Rep. Clark. Tejada-Soliz is a member of the Malden High's National Honor Society and an honors student. She served as captain of the girls soccer team in its successful 14-4 season this past fall.
