Malden High School Vision Statement

The Malden High School community believes in the potential of all students to learn, to grow, and to become active, conscientious participants in the 21st century global society. We believe that students learn most effectively in a safe, respectful environment that encourages diverse viewpoints, promotes critical thinking and perseverance, and establishes rigorous standards for all. We are committed to ensuring that Malden High School graduates are thoughtful, independent, purpose-driven, lifelong learners. We seek to equip all students with the skills and habits necessary to successfully navigate and contribute to our ever-changing world.

Good morning,

I hope everyone had a great weekend. After Friday night the weather was terrific. Speaking of Friday night I had the pleasure of watching our girl's volleyball team beat Lowell in five exciting sets, avenging one of the only Malden losses of the season. A quick trip to Chelmsford allowed me to see the second half and OT of the big victory for the football team. Our fall teams are having good years!

Some followup to our Professional Development

I am writing on behalf of the Malden's Promise Coalition to invite you to our Community Resource Fair on Thursday, October 15th from 3-5 PM in the Malden High School Library! The event is informal and teachers and other staff people are invited to come for 10 minutes or for the whole two hours! At the event you will be able to meet, talk, and gather resources from the myriad of agencies and organizations in and around Malden that work with our youth! We encourage people to bring specific questions or just come to browse around.

Our hope is to continue to bridge the gap between community people and school people and to continue the work we started together on our Professional Development Day. In addition, we will have exciting news about an event in November centered around Teen Mental Health!

Thank you!

My name is Eric Ouyang, and I'm a current junior at Harvard and a member of the Sponsr.Us team. We're a student-run 501(c)(3) non-profit catalyzing student-run initiatives. Our organization works with students from across the country and helps them fundraise for their clubs, events, or causes. I'm excited to share with you an opportunity at Harvard that we've put together.

On Saturday, October 24th, we'll be hosting Sponsr.Us Ignite 3, a free, one-day conference at Harvard University where high school students will interact with corporate executives and community leaders to learn how to launch their own initiatives. By inviting these speakers and workshop leaders to share their experiences and teach concrete skills, we aim to inspire students to bring their ideas into reality.

Our keynote speaker is Sean Blanda, the director of 99U, and workshop leaders include Krishan Arora, the CMO of Splitzee; Gillian Pressman, the Greater Boston Site Director for Generation Citizen; Jesse Bardo, a co-founder at EverTrue; Pooja Chandrashekar, the founder and CEO of ProjectCSGIRLS; David Chang, an Entrepreneur-in-Residence at Harvard Business School; and Vicky Wu, the Founder and Executive Director of Youth CITIES.

We'd love to have students at Malden High come to our event. To register or learn more about the event, please visit <https://sponsr.us/ignite>.

Please also find attached a copy of a poster with more information regarding the event. Would really appreciate if you could help us publicize it to your students.

Looking forward to seeing Malden High students at our event! Thanks in advance for your help.

If you have any questions or concerns, please let me know.

Regards,

Eric
