**Malden High School Vision Statement**

*The Malden High School community believes in the potential of all students to learn, to grow, and to become active, conscientious participants in the 21st century global society. We believe that students learn most effectively in a safe, respectful environment that encourages diverse viewpoints, promotes critical thinking and perseverance, and establishes rigorous standards for all. We honor the diverse nature of our community, promote social awareness and community involvement, and strive to meet the needs of all students through innovative methods and continual professional development. We are committed to ensuring that Malden High School graduates are thoughtful, independent, purpose-driven, lifelong learners. We seek to equip all students with the skills and habits necessary to successfully navigate and contribute to our ever-changing world.*

Good morning,

I love the field trips that have been offered recently. Whether it is to the Symphony, the Freedom Trail, a trip to a theatre, visits to manufacturing spaces, or an outside of school apple picking jaunt these educational trips help fulfill our mission. Thank you for thinking outside of the box and for finding ways for our students to connect what they experience outside of

school to what they learn in school. I am sure there are other worthy examples. Share them with us.

Congratulations to both the girls and boys cross country teams for their Greater Boston League Championships. Coach Dave Londino has put all of our track teams on the map!

Looking forward to seeing boys soccer and girls volleyball in the tournament. Both teams have had great seasons!
