Volume 11, Number 32/40

Good morning,

Welcome back; we are officially in the stretch drive. I hope you were able to get some down time and relaxation however you chose to do it.

Over the next few weeks we'll be knee deep in Advanced Placement exams, MCAS Math and Science assessments, and preparation for our own final exams. In between all of that we'll have some Emergency Response assemblies and a drill for students and staff. We'll also try to finalize student and staff schedules for next year.

We have worked hard this year at Malden High School and we have results to show it on many fronts, socially, emotionally, and academically.

Thank you for continuing to work with every student, wherever they are at the time. What we are doing is important. Thank you again.

### Malden High School Vision Statement

The Malden High School community believes in the potential of all students to learn, to grow, and to become active, conscientious participants in the 21st century global society. We believe that students learn most effectively in a safe, respectful environment that encourages diverse viewpoints, promotes critical thinking and perseverance, and establishes rigorous standards for all. We honor the diverse nature of our community, promote social awareness and community involvement, and strive to meet the needs of all students through innovative methods and continual professional development. We are committed to ensuring that Malden High School graduates are thoughtful, independent, purpose-driven, lifelong learners. We seek to equip all students with the skills and habits necessary to successfully navigate and contribute to our ever-changing world.

Congratulations to the **Entrepreneurship Class**: before vacation they held their In-School Business Plan Competition. Three judges from Hollister Staffing, our sponsoring company, came in to decide on two students that will go on to compete at Babson College in May. The students who won are:

**Isadora Coelho** for her business, Dori Tuffles (making Brazilian truffles) and

**Christian Peters** for his business, Wallet Innovations (making duct-tape wallets)

Please feel free to fill in open slots for the H206 computer lab for next week. **\*The computer lab will be unavailable during Period 1 for the remainder of the year, as a class is now being held there.\*** Be sure to write your name next to each lunch block you intend to use. Go to the following link to access the sign-out:  
<https://techsignup.wikispaces.com/home>

Also, please lock the door from the inside using your bathroom key on your way out. We have had a problem with students using computers without supervision and computer mice going missing, as well as missing items from the adjacent room. If the door is locked when you arrive, Jenelle Baldassari in H203 has the key.  
Please email me if you encounter any computers that are not working.

**MHS 2013 graduate and Class President extraordinaire Sharon Lee led the tour of Captitol Hill for the Forestdale School 8<sup>th</sup> graders, chaperoned by our friend Susan Famiglietti.**
