**Malden High School Vision Statement**

The Malden High School community believes in the potential of all students to learn, to grow, and to become active, conscientious participants in the 21st century global society. We believe that students learn most effectively in a safe, respectful environment that encourages diverse viewpoints, promotes critical thinking and perseverance, and establishes rigorous standards for all. We honor the diverse nature of our community, promote social awareness and community involvement, and strive to meet the needs of all students through innovative methods and continual professional development. We are committed to ensuring that Malden High School graduates are thoughtful, independent, purpose-driven, lifelong learners. We seek to equip all students with the skills and habits necessary to successfully navigate and contribute to our ever-changing world.

**Good morning!**

Happy summer! If I don't get the opportunity to speak to each of you individually I want to wish you a happy, healthy, and reflective summer. Officially, staff will report back to Malden High School on August 31<sup>st</sup> for the all-staff meeting hosted by the Superintendent. Unofficially, I know that many

of you will be in and out this summer, some of you working in one of our many programs, others participating in some form of professional development.

This week we have three gatherings I would like to remind you of; at 2:00 pm on Tuesday we will gather in the Gallery for an end of year ice cream social. We will say *Happy Retirement* to three long-term colleagues, Eileen Vozzella, Matt Evans, and, Pam Brody. Contact Beth Horwitz for more details.

On Wednesday, June 24<sup>th</sup> we will host our annual Chinese Food luncheon in Cafeteria Boyle at 11:45 am.

On Thursday, June 25<sup>th</sup> our Professional Development Day begins at 8:15 with work with Directors. Lunch on your own runs from 11:30-12:30. All staff will report to the Jenkins at 12:30 pm to close out the day.

**This news from Martin Berryman:**

This past weekend almost 40 MHS students participated in the MIT/Lemelson EurekaFest STEM competition. Malden High School has been participating for five years and this was the largest contingent of our students to participate to date. Malden High School student Mawa Khudaynazar was part of the winning team. EurekaFest is a design challenge competition for teenagers across the country meant to inspire and empower young inventors to create and problem solve.

Hi all,

The 1:1 committee is offering a two-day professional development opportunity for all Malden High School faculty and staff around implementing the Chromebook, Google Apps, and best practices.

The workshops will take place on August 18th and 19th from 8:00 a.m. to 2:00 p.m at Malden High. There are thirty slots available. Each participant will receive \$150 for attending both days, and sign-ups will come on a first-come, first sign-up basis.

The workshops will be tailored to the participants' wants and needs - novices *and* experts are welcome. Participants will be given time to work in small groups to develop classroom lessons and receive feedback.

To sign up and provide information on desired workshops/content, please utilize the form here:
