**Malden High School Vision Statement**

The Malden High School community believes in the potential of all students to learn, to grow, and to become active, conscientious participants in the 21st century global society. We believe that students learn most effectively in a safe, respectful environment that encourages diverse viewpoints, promotes critical thinking and perseverance, and establishes rigorous standards for all. We honor the diverse nature of our community, promote social awareness and community involvement, and strive to meet the needs of all students through innovative methods and continual professional development. We are committed to ensuring that Malden High School graduates are thoughtful, independent, purpose-driven, lifelong learners. We seek to equip all students with the skills and habits necessary to successfully navigate and contribute to our ever-changing world.

**Good morning!**

Congratulations to the Class of 2015 for a great ceremony yesterday. The class and dignity in which the Class of 2015 acted and treated each other over the last couple of weeks of senior activities is a real testament to them. Bravo!

Many people deserve thanks and recognition for all of their hard work with the students. From teachers to counselors to advisors to administrative assistants to nurses to coaches to house principals, we all play some role in guiding and mentoring our students. Thank you. I am blessed to be working among such talented and dedicated staff.

Over 800 students from more than 100 different high schools were here on Saturday for the College Board's SATs. What an operation! Thank you to Ron Janowicz and everyone else who kept it running smoothly.

*Hello Malden Community,*

I have all 3,000 copies waiting in my room for release at our event on Friday, June 12th from 6-9 pm in the gallery of Malden High School. I hope you can join us to celebrate this accomplishment, which could not have happened without the tremendous amount of support from the Malden community.
