

Malden School Committee
Public Facilities and Safety Subcommittee
May 17, 2017

Attendees: Jerry Leone, Cathy Bordonaro, Tara Beardsley,
Carol Keenan, Mike Drummey

1. Regarding lead in school drinking water, Assistant Superintendant Keenan stated The School Department has never received an official copy of any study done in the schools. The superintendent's Office heard about the report when parents called the office asking for an explanation.

Mr. Leone is going to contact the Mayor's Office and the Public Health Department to clarify why a report was never sent to Central Office.

2. Mr. Leone is going to ask Peter Phelps and Toni Mertz to come before the subcommittee to go over the Capital Outlay plan.
3. As part of the ongoing school security measures, the district has adopted "The Raptor Visiting Management System" for all seven buildings.
