Notes

After approval of minutes, Mr. Sepulveda reminded all that after Council adjourned, Ferryway would be hosting an MIRA session in the cafeteria for parents and Ferryway community members to learn about immigration concerns, services and resources available. In addition to having speakers available from MIRA, Peg Crowe, an immigration attorney and several translators would be available.

Mr. Sepulveda additionally announced that the district has recently formed a partnership with the Anti-Defamation League to tackle issues of implicit bias and racism in public schools, starting with Salemwood and MHS.

Finally, the School Improvement plan has been formulated with considerable input and effort from teachers, administration and the council. Hopefully this improvement plan will be a successful tool in reaching our goal of making Ferryway the best school in the State.

Meeting was adjourned at 5:30 p.m.

Respectfully submitted, Marijane Tuohy
