1. School Improvement Plan was discussed and adopted. It will be sent on to the School Committee for approval at the June 1, 2020 meeting. Rebecca Martin motioned to accept and Danielle Reilly second it. The vote was unanimous to accept the plan and forward to the school Committee.
2. Team updates:
 - a. Leadership Team – This has been a wonderful group to work with and a lot has happened because of them and their feedback. All the amazing changes during my three years that we have mad have come from the staff. That is one of the things I am most proud of.
 - b. PBS Team – This was another wonderful group if professionals that I worked with to make incredible impact on our students and staff.
 - c. Restorative Practice Team – No need to meet at this time.
 - d. PreK Task Force – We were going to meet at the end of the school year on the changes to our report card. This will be done at the beginning of the next school year.
3. The end of the year report cards will not be going home because we are no longer in school. All of the assessments need to be made in person and on a daily basis. A letter will be going home to explain this to parents/guardians. Assessments will be done before students go into Kindergarten and once the returning students come back to the ELC in the fall. Then staff will work to make gains as quickly as possible.
4. We discussed what kinds of professional development has taken place at the beginning of the school year.
5. The School Committee budget process has begun and no information is available at this time.

6. Over 200 students were identified to be assessed by the district EL assessment person. We were not able to finish this process because of not being in school. The students will be assessed before entering Kindergarten at PIC or next year for our returning students.
7. No information is available at this time about the hiring of a new principal for the fall.
8. No more meetings are scheduled for this school year.
