

# Virtual Adventure Summer Program

Week 2: Jurassic World

## Important Information

Weekly supplies are available for pick up on **Wednesdays** from **10am-11am** for the upcoming week at the Salemwood School in the circle by the K-4 Office. If you cannot pick up, supplies will be delivered to your door on Wednesday afternoon.

**We had 100% student attendance again this week!**

## Classroom News

Welcome to Virtual Adventure Summer Program, ***Einstein's Quarantine!*** We extend a special welcome to our new students who joined us this week.

***Week 2 was filled of lots of digging and fun facts about dinosaurs and fossils.***

Students were engaged in a hybrid of virtual daily lessons led by **Ms. Dolley** as well as several remote activities throughout the week through Google Classroom. Remote activities included a guided meditation, a read aloud, a new weekly challenge and virtual field trips.

Our *paleontologists* identified many different types of dinosaurs, went digging for fossils and created dinosaur crafts.

We also had lots of laughs as we shared funny jokes together! 😊

Looking ahead to next week: **Week 3 is Creepy Crawlies!** We are looking forward to learning about a variety of insects and seeing you online!

Teacher's Name: Ms. Dolley

Email address for pictures & challenges: [mpsafterschool@maldenps.org](mailto:mpsafterschool@maldenps.org)

Director: Jennie McGoldrick & Assistant Director: Laura Perry

## Weekly Lessons

How to Catch a Dinosaur

**Friday:** Clay Dino Fossil Imprints

## Sample Art Work

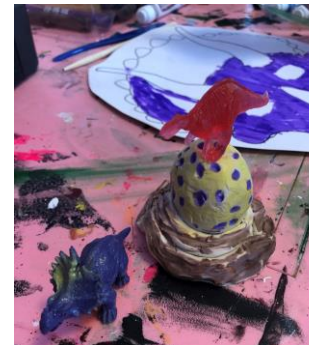

Dino Scratch Art Scene

Balloon Dinosaurs

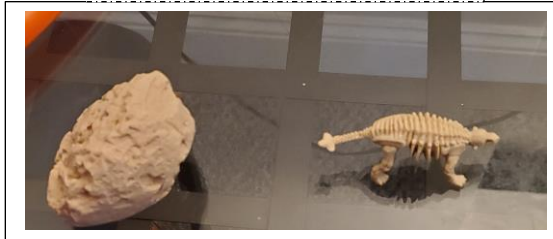

Dinosaur Clay Imprints

Painting!

Diggin' for dinosaur fossils!  
This week's favorite!

## Read Aloud & Virtual Field Trip of the Week

This week we heard the story  
**The Dinosaur Who Lost His  
Roar** by Russell Punter

Students took a "trip" to the  
**Field Museum in Chicago** to  
participate in the *Mesomission  
Interactive Game* where they  
had to team up with a scientist  
to explore Earth millions of years  
ago. We also went to

**The Museum of Science &  
Discovery in Fort  
Lauderdale** to explore the  
Dinosaur exhibits.

## Weekly Challenge!

*Make your own Lava Lamps!*  
Our families worked together  
using household items to make  
colorful bubbling Lava Lamps.

*Student Quote of the week:*

*"I don't like it, I LOVE it"! Rajul*
