

# Virtual Adventure Summer Program

Week 5: Crazy Art Creations!

## Congratulations!

All students received Certificates of Completion!

## Classroom News

We are sad to say goodbye to our Virtual Adventure Summer Program, ***Einstein's Quarantine!*** Although our lessons were virtual, our students built bonds and a sense of community over the course of the 5 week program.

In **Week 5**, we learned about various art techniques using different mediums. Students expressed themselves through painting, claymation, side walk chalk art and more!

Students were engaged in a hybrid of virtual daily lessons led by **Ms. Dolley** as well as several remote activities throughout the week through Google Classroom. *We want to give an extra shout-out to Ms Dolley for all her amazing work and fun projects!*

This week's lessons highlighted *new key words* and *concepts* outlined in our Weekly Lessons section of the newsletter. The art work that the students created was truly amazing! We couldn't be more proud of Adventure Summer Program participants!

## Student Quote of the Week

**"Thank you for the awesome five weeks of afterschool!" Isaac & Rodrigo**

Thank you to all our families who participated this summer! We will miss seeing you online. Have a safe and fun rest of the summer 😊

We want to hear from you! Please take a moment to complete the **Adventure Summer Program** survey which was emailed to parents last week. Thank you to those families who already took the time to complete the survey.
