Program News

Welcome to Malden Public School Out-of-School Time (MOST) Program, **Session 4: Spring is in the Air!** This seven-week session consisted of theme-based, virtual and interactive lessons through Google Classroom two days per week (Mondays and Wednesdays, or Tuesdays and Thursdays) from 3:00-4:00 pm, and additional remote learning opportunities. Remote activities typically included a weekly challenge, read aloud, and a virtual field trip. All lessons took place on Google Meet and were led by our beloved teachers, *Ms. Dolley* and *Ms. Whitney*.

Our staff continues to provide a great balance of brief lessons/videos, project instructions, opportunities for socializing, and time for students to dive into the daily projects. Our session-long newsletter includes a **Weekly Themes & Lessons** section which highlights the various, hands-on activities and our talented **Student Art work** is showcased throughout the newsletter!

Make Your Own Calendar

Thank you to all our families who participated in **Session 4 Spring is in the Air!** We are excited to start **Session 5 April Showers, Bring May Flowers!** 😊

Teacher's Names: Ms. Dolley & Ms. Whitney
