### Home Language Survey

Massachusetts Department of Elementary and Secondary Education regulations require that *all* schools determine the language(s) spoken in each student's home in order to identify their specific language needs. This information is essential in order for schools to provide meaningful instruction for all students. If a language other than English is spoken in the home, the District is required to do further assessment of your child. Please help us meet this important requirement by answering the following questions. Thank you for your assistance.

Federal Public Law 107-110, Section 9528 of the ESEA, "No Child Left Behind Act" requires school districts to release student names, addresses and phone numbers to military recruiters upon their request. Students are then called at home by recruiters and pressured to join the military. The law also requires the school district to notify you of your right to Opt-Out from this by requesting that the district not release your information to military recruiters. The completion and return of this form serves as your request to withhold your private information.
