Present: Staci Rubin, Rosalie Norris Elizabeth Paulsen Tonogbanus, Christopher Fitzpatrick, Christina Cunningham, Yihua (Eva) Jiang, Sherri Jackson and Kari-ann Murphy

Absent:

Guests:

Anti-racist Practices

- Beebe is engaged in several book clubs this year focused on Ms. Hammond's work.
- Looking for ways we can be an ally and supporter for students and students with each other
 - Look for ways to improve communication between parents and teachers around the types of conversations happening in classrooms with the students.
 - What do these conversations look like and what are we doing to support the students' growth
 - Invite parents to come in to partner with teachers and provide cultural support and information
 - Assumptions can be harmful if not unpacked
- Unbound ED
 - The district K-8 have partnered with Unbound Ed and are working with them to ensure our curriculum, lessons and instruction meets the standard of need in the district. The program's tenets are GLEAM grade-level, engaging, affirming and meaningful. Lessons that are designed and delivered using this model is how we ensure we are delivering equitable learning experiences for all students.
- Consider parent liaison sharing information about school events with families through the newsletter.
 - Celebration months invite families to come and share information

Planning for update to School Improvement Plan

- SIP is under construction council reviewed and will share questions via email

Bathroom Practices and Students Needing More Time

- There are no COVID restrictions on the bathroom. Some restrooms are closed due to vandalism. We are awaiting parts for repairs.
- Students must sign in and out and if the bathroom is full they have to wait their turn.
