

Technology and Student Services Subcommittee  
2/9/22 at 7:00 P.M. via Zoom  
Meeting Minutes

Present: Mr. Gray (chair), Mr. Bernard, Ms. Rose-Zeiberg, Mr. Weldai, Superintendent Noriega-Murphy (joined at 5:15).

Mr. Gray called the meeting to order and reviewed the committee and described that we would be building its mission over the next two years. He read the formal description of the committee: “The Technology and Student Services Committee shall have jurisdiction over all matters pertaining to electronic technology planning, access policies, operations and maintenance and services and organizations offered to students outside the classroom setting.”

Mr. Gray worked with the members to establish some roles for the group. Mr. Bernard was appointed as Vice Chair of Technology. Ms. Rose-Zeiberg was appointed Vice Chair of Student Services. Mr. Weldai was appointed as clerk of the committee.

Mr. Gray looked at surrounding districts to see what the idea of “student services and technology” means to them. He highlighted the work that other districts are doing around their technology plans, and went over some suggested tasks for putting together our own district plan. He also expressed the need to review and amend the MASC listing of subcommittees.

As a committee we decided to meet monthly, and the Chair will call meetings, bring in guests, and get a sense of our technology needs from a city and school district perspective. We had a discussion about the historical root of the committee forming. Ms. Rose-Zeiberg brought up the point of technology access outside of the classroom as well, particularly with adaptive technology.

Mr. Gray expressed that our next meeting will be called in-person.

Mr. Bernard made a motion to adjourn at 7:55P.M.. Mr. Gray seconded the motion. It passed unanimously.
